

# Accessing HomeSafe Connect On Your Smart Device

HomeSafe Connect, the HomeSafe Alliance technology platform, is your personalized move portal for planning, accessing valuable information, and receiving updates during every stage of your move. HomeSafe Connect is not an app you will need to download. Instead, you will navigate to the platform at the website [HomeSafeConnect.com](https://www.homesafecconnect.com). Using your iOS or Android device, we recommend creating a bookmark that serves as a quick app-like access point on your Home Screen.
